Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 01 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Extensive low cloud, fog tonight. Sunny spells developing Tuesday.

This Evening and Tonight:
Fog and low cloud will soon reform this evening, becoming extensive and widespread overnight, with a risk of grass frost possible in some rural spots. Minimum temperature 1 deg C (34 deg F).

Tuesday:
Early widespread fog lifting into low cloud then clearing as it burns back to coasts. Sunny spells developing for most, but fog reforming once again overnight. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Wednesday, rather cloudy with showers developing after early fog. Rather cloudy Thursday, further showery rain followed later by clearer, dry and cold conditions, these conditions continuing into Friday.
